8:35 **Welcome to Country**

WHAT THE FUTURE HOLDS

8:40 **The State market outlook**

- Macro-economic outlook
- Australian economy outlook and property market
- State analysis

Alan Langford, *Chief Economist | Strategy, BankWest*

9:10 **Town Hall Open Forum**

Shape the agenda: Have your say and flag issues you would like to discuss.

9:15 **KEYNOTE | Futuristic keynote: Global megatrends**

Driving forces reshaping the economic and societal landscape over coming decades

The megatrends capture the shifting world economy driven by rapid income growth in the developing Asia region; the global challenges of food, water, energy and mineral security in light of escalating demand; healthcare challenges; the ageing population; accelerating technological advancement and the all-important experience factor for customers and citizens. This presentation will explore the latest thinking on the megatrends and examine the implications for strategy and policy decisions.

Dr Wen Wu, *Research Analyst, CSIRO*

9:50 **Leaders' panel: Visions and strategies for the future**

The panel will host key State leaders from the public and private sector to share their perspectives and comment on their current strategies, plans and projects to leverage the trends of the future.

Panellists:

- Dean Mudford, *Chief Operations Officer, Landcorp*
- Marion Thompson MPIA, *Vice-President & WA Board Director, Planning Institute of Australia*
- Anne Arnold, *Chair, Heritage Council*

Facilitator: Jonathan Cartledge, *Head of Public Affairs, GBCA*

10:30 *Morning tea*

DESIGNING THE FUTURE

11:05 **Green Star Future Focus**

Take part in shaping the future focus: Share your thoughts in this interactive session.

Jorge Chapa, *Head of Market Transformation, GBCA*

Carbon positive in practice

Session sponsored by Integral Group

How will we achieve carbon positive? Hear case studies exploring aspects of the carbon positive roadmap, and discuss what are the pathways and solutions available to achieve this ambitious target. The objective of the "Carbon positive in practice" session is to provide you with practical takeaways to start thinking and planning the future of your projects and organisation.

11:15 **Carbon Positive Roadmap Overview**

Jorge Chapa, *Head of Market Transformation, GBCA*

11:20 **Presentation**

- Overview of The Rise of the Renewable City
- Case study : White Gum Valley

Professor Peter Newman AO, **Curtin University**

11:40 **CASE STUDIES**

Peta Earley, *Senior Sustainability Consultant / Associate, NORMAN DISNEY & YOUNG*

12:00 **BRAINSTORMING SESSION | How can we achieve carbon positive?**

- What are the current challenges and barriers?
- What will be the opportunities?
- How will we bridge the gap between carbon positive objectives and the delivery and implementation?
- What are the current pathways to carbon positive?

Panellists:

- Professor Peter Newman AO, **Curtin University**
- Oliver Grimaldi, *Associate*, **Cundall**
- Peta Earley, *Senior Sustainability Consultant / Associate*, **NORMAN DISNEY & YOUNG**
- Dr Josh Byrne, *Director*, **Josh Byrne & Associates**

Facilitator: Jorge Chapa, *Head of Market Transformation*, **GBCA**

12:30 *Lunch*

1:00 **Optional Green Star Session: What do best practice Green Star Submissions look like?**

Nicole Sullivan, *Senior Manager - Green Star Solutions*, **GBCA**

1:30 **The Precinct Project**

Oliver Grimaldi, *Associate*, **Cundall**

1:50 **GBCA Biodiversity paper launch**

2:00 **Preparing for the Modern Slavery Act**

The Modern Slavery Act currently in discussion will have a critical impact on our industry. This presentation will provide you with a comprehensive overview of the scope and impact of the Act.

Francesca Muskovic, *Project Officer*, **Property Council of Australia**

2:20 **Future Focus - Dig deeper breakout sessions**

Session sponsored by Big Ass Fans

Pick a session and take this time to extend your knowledge on the topic of your choice, ask your questions, and exchange with your peers.

Session 1 **Fostering nature in our buildings and communities**

Biodiversity will be one of the future focus of Green Star: this session will provide you with an opportunity to discuss how the built environment can be used to encourage biodiversity and regenerate species.

Panellists:

- Dr Jacqueline Schirmer, *Associate Professor*, **University of Canberra**
- Renata Zelinova, *Business Development Officer*, **WALGA**

Facilitator: Jorge Chapa, *Head of Market Transformation*, **GBCA**

Session 2 **The concepts of resilience and its implications for the built environment**

Join this session to increase your knowledge of the concepts of resilience and how to embed it in your project and organisation. The discussion will cover the concepts of resilience on a holistic level to consider climate change, social and digital aspects.

Panellists:

- Rory Martin, *Sustainability Manager*, **Frasers Property**
- Caroline Perks, *Sustainability Officer*, **City of Perth**

Facilitator: Rachel Thorpe, *Senior Consultant*, **AECOM**

3:00 *Afternoon tea*

BUILDING THE FUTURE

State in Focus
